Richard L. Asquith and Jan Kivipelto 21

Gastroduodenal Ulceration in Foals
Martha L. Campbell-Thompson and A. M. Merritt 29

The Use of Clinical Findings, Abdominocentesis and Abdominal Radiographs to Assess Surgical *versus* Non-surgical Abdominal Disease in the Foal
Timothy A. Cudd, Robert L. Toal and Rolf M. Embertson 41

A New Look at Equine Worm Control
R. P. Herd 55

Gentamicin Nephrotoxicity
Kenneth W. Hinchcliff, Sheila M. McGuirk and Peter S. MacWilliams 67

Fecal Blood Determinations and Interpretation
Erwin G. Pearson, Bradford B. Smith and J. M. McKim 77

Descriptive Epidemiology and Risk Factors Indicating the Need for Surgery and Evaluation of Prognosis. The Morris Animal Foundation Colic Study
M. J. Reeves, C. R. Curtis, M. D. Salman, T. S. Stashak and J. S. Reif 83

Colonic Obstructions in the Horse: Radiographic and Surgical Considerations
Jay A. Rose and Ethel M. Rose 95

Effects of Water Deprivation and Phenylbutazone Administration on Urinary Enzyme Concentrations in Healthy Horses
David G. Schmitz and Robert A. Green 103

Efficacy of Oral Ranitidine in the Reduction of Gastric Acid Output and the Prevention of Phenylbutazone-induced Gastric Ulceration in Nursing Foals
Jana M. Smith, Richard M. DeBowes, Neil V. Anderson, Horst W. Leipold and Judy H. Cox 113

Non-Steroidal Anti-inflammatory Drug-induced Ulcers
Josie Lynn Traub-Dargatz 129

Developmental Orthopedic Disease

Clinical Manifestations of Disturbed Bone Formation in the Horse
L. R. Bramlage 135

The Relationships of Cervical Vertebral Malformation to Developmental Orthopedic Disease
Stephen M. Reed, Debra A. Knight, Steven E. Weisbrode and Randolph H. Stewart 139

Developmental Orthopedic Disease in the Horse: Normal and Abnormal Bone Formation
Roy R. Pool 143

Factors Which Influence Developmental Orthopedic Disease
H. F. Hintz 159

Comparison of Incidence and Severity of Developmental Orthopedic Disease on 17 Farms before and after Adjustment of Ration
A. A. Gabel, Debra A. Knight, S. M. Reed, Joseph A. Pultz, Jean D. Powers, L. R. Bramlage and W. J. Tyznik 163

The Role of Endocrine Factors in Equine Developmental Orthopedic Disease
Michael J. Glade 171

Copper Supplementation and Cartilage Lesions in Foals
Debra A. Knight, Steven E. Weisbrode, L. Michael Schmall and Albert A. Gabel 191

Metabolic Convergence in Developmental Orthopedic Disease
D. S. Kronfeld and Susan Donoghue 195

Purchase Examination

History and Philosophy of Prepurchase Examinations
Stephen G. Soule 205

Medical Examination of Horses for Purchase
G. Marvin Beeman 217

Prepurchase Examination—Avoiding Problems
William Moyer and Richard Abbott 227

Radiography, The Pre-purchase Examination and the Reporting of the Findings
Charles F. Reid 235

Legal Aspects of Purchase Examinations
Edward S. Bonnie 239

Exercise Physiology

The Respiratory System: Function and Functional Limits of the Equine Athlete
Jerry R. Gillespie 251

Skeletal Muscle: Aspects of Exercise Physiology for the Equine Practitioner
D. R. Hodgson 261

Exercise Physiology of Body Fluids
Gary P. Carlson 271

The Generation and Use of Gait Diagrams for Equine Hindlimb Kinematics
Calvin N. Kobluk, D. Schnurr, F. D. Horney, T. C. Hearn, G. Sumner-Smith, R. A. Willoughby and Vicki S. DeKleer 279

Comparison of the Stride of Trotting Horses Trimmed with a Normal and a Broken-back Hoof Axis
Hilary M. Clayton 289

Quantification of Equine Hoof Lameness Using a Calibrated Electronic Hoof Tester
Steven G. Kamerling, Phillip A. Karns and Cleo A. Bagwell 299

Medical Specialties

Water Vapor Saturated Air Therapy: Normal Horses and Horses with Exercised-induced Pulmonary Hemorrhage
Corinne Raphel Sweeney, Jennifer Hall, Herbert J. Leary, Ellen L. Ziemer, John R. S. Fisher, Lawrence R. Soma and Pamela A. Spencer 311

Selective Immunoglobulin M Deficiency in the Horse
Mark V. Crisman 313

Siderophages in Pulmonary Cytology Specimens from Racing and Non-racing Horses
Jeffie F. Roszel, Kathy P. Freeman, Steven H. Slusher, Wayne R. Morris, Kent D. Haury and Tim A. Cudd 321

Hemostatic Function Tests in Horses: Current and Future Trends
Debra Deem Morris 331

Neonatal Isoerythrolysis of Foals; an Update on Testing
Ernest Bailey, H. Steve Conboy and Phillip McCarthy 341

Selenium Toxicity in the Horse
Josie Lynn Traub-Dargatz and A. P. Knight 355

Foal Botulism (Shaker Foal Syndrome) Clinical Signs, Diagnosis, Treatment and Prevention
Robert H. Whitlock and Joann B. Messick 359

Clinical, Epidemiologic and Pathologic Evaluation of an Outbreak of Mycotoxic Encephalomalacia in South Louisiana Horses
Maria D. Masri, B. M. Olcott, S. S. Nicholson, Jill J. McClure, S. P. Schmidt, J. F. Freestone and W. R. Kornagay 367

Use of Phenytoin in Horses with Chronic Intermittent Rhabdomyolysis and Myotonia
Jill Beech, J. E. Fletcher, J. Johnston and F. Lizzo 375

Radiology

Radiology of the Nasal Cavity and Paranasal Sinuses in the Horse
Susan T. Finn and Richard D. Park 383

Solar Margin Fractures of the Equine Distal Phalanx
Clifford M. Honnas, Timothy R. O'Brien and Robert L. Linford 399

Villonodular Synovitis of the Palmar and Plantar Digital Flexor Tendon Sheaths and the Calcaneal Bursa of the Gastrocnemius Tendon in the Horse
Barbara J. Watrous, Frank R. Dutra, Pamela C. Wagner and Wayne B. Schmotzer 413

Correlation between Contact Thermography and Ultrasonography in the Evaluation of Experimentally-induced Superficial Flexor Tendinitis
Jennifer Hall, L. R. Bramlage, B. M. Kantrowitz, Libby Page and Barbara Simpson 429

Observations on Radial Maturation in Foals as They Relate to Skeletal Pathology
Carol A. Mase 439

Evaluation and Preservation of Stallion Spermatozoa

Computerized Evaluation of Stallion Spermatozoa
R. P. Amann 453

Preservation of Stallion Semen
E. L. Squires, R. P. Amann, A. O. McKinnon and
B. W. Pickett 475

Seminal Characteristics and Total Scrotal Width (T.S.W.)
of Normal and Abnormal Stallions
B. W. Pickett, J. L. Voss, R. A. Bowen, E. L. Squires
and A. O. McKinnon 487

General Surgery

Abdominal Auscultation as an Aid to the Diagnosis of Sand Colic
Claude A. Ragle and Dennis M. Meagher 521

Lengthy Electronic Auscultation of the Equine Abdomen to
Monitor the Effects of Analgesics, Sedatives and Other Drugs
Eric E. Ehrhardt and John E. Lowe 525

Equine Intestinal Motility: an Overview of Normal Activity,
Changes in Disease, and Effects of Drug Administration
Stephen B. Adams 539

The Use of Stapling Devices in Equine Surgery
Richard E. Doran 557

A Comparison of Four Types of Therapy for the Treatment of
Full-thickness Skin Wounds of the Horse
N. Woollen, R. M. DeBowes, H. W. Leipold and
L. A. Schneider 569

Survey of Selected Dental Abnormalities in 233 Horses
Christine Uhlinger 577

The Cytologic Diagnosis of Equine Cancer
Jeffie F. Roszel 585

Vertebral Column Pathology in Horses with Cervical
Compressive Myelopathy
John V. Yovich, Ted S. Stashak and Barbara E. Powers 595

Reproduction

Diagnostic Ultrasonography of Uterine Pathology in the Mare
A. O. McKinnon, E. L. Squires, Elaine M. Carnevale,
Leslie A. Harrison, D. D. Frantz, A. E. McChesney and
R. K. Shideler 605

Rationale for Uterine Lavage after Breeding in Mares
Michelle M. LeBlanc and Atwood C. Asbury 623

Collaboration of a Cytopathologist and Practitioner Using Equine Endometrial Cytology in a Private Broodmare Practice
Kathy P. Freeman and J. Mike Johnston 629

Dystocia, Toxic Metritis and Laminitis in Mares
T. L. Blanchard, R. G. Elmore, D. D. Varner, M. C. Garcia, J. A. Orsini and R. S. Youngquist 641

Retained Fetal Membranes in the Mare
W. R. Threlfall, R. Provencher and C. L. Carleton 649

Bar Code Entry of Clinical Data in Equine Reproduction
R. Friedman, W. Malyj, D. Mannion, G. Elkinbard, C. R. Downie, P. F. Daels, J. P. Hughes and C. A. Hjerpe 657

Orthopedic Surgery

Radiographic Evaluation of the Carpal and Tarsal Regions of Neonatal Foals
Ragan Adams and Paul Poulos 677

Osteochondrosis of the Equine Shoulder: Treatment with Arthroscopic Surgery
Alicia L. Bertone and C. Wayne McIlwraith 683

A Retrospective Study of Diagnostic and Surgical Arthroscopy of the Equine Femorotibial Joint
Robert D. Lewis ..... See Part II

Mechanical Functions and Sources of Injury in the Fetlock and Carpus
Patrick Colahan, Tracy A. Turner, Paul Poulos and George Piotrowski 689

The Diagnosis and Treatment of Pelvic Fractures in Horses
Judith A. Rutkowski and Dean W. Richardson 701

Pharmacologic Properties of Polysulfated Glycosaminoglycan (Adequan) and Its Application to Treatment of Equine Degenerative Joint Disease
John V. Yovich, Gayle W. Trotter and C. Wayne McIlwraith 707

Retrospective Study of Lower Limb Wounds Involving Tendons, Tendon Sheaths, or Joints in Horses
Gary M. Baxter 715

The Effect of Hoof Angle on Coffin, Pastern and Fetlock Joint Angles
Terry Bushe, Tracy A. Turner, Paul W. Poulos and Norma M. Harwell 729

Osteochondral Fragments of the Palmar/Plantar Aspect of the Fetlock Joint
Joseph J. Foerner, William P. Barclay, Thomas N. Phillips and Margaret A. MacHarg 739

Bone Sequestration in Horses
Elwyn C. Firth 745

Pediatrics

Responses to Plasma Transfusion in Clinically Healthy and Clinically Ill Foals
Michelle M. LeBlanc 755

Evaluation of Lyophilized IgG as an Oral Supplement for Failure of Passive Transfer in Foals
Robert K. Shideler, Edward L. Squires, Raymond E. Mifflin and William R. Lance 763

Equine Gastric Ulcer Syndrome: Endoscopic Survey of Asymptomatic Foals
Michael J. Murray, Joanne Hart and George A. Parker 769

Blood Gas Analysis in the Equine Neonate—Indications, Methods and Normal Values by Age and Body Position
John E. Madigan 777

Development of the Epiphysis, Metaphysis and Diaphysis in the Foal
Elwyn C. Firth and Paul W. Poulos 787

Hematogenous Osteomyelitis in the Foal
Elwyn C. Firth 795

Equine Neonatal Intensive Care at the University of Florida 1982-1987: An Update
Anne M. Koterba 805

Neonatal Foal Evaluation: Sepsis and Survival Scoring in Private Practice
